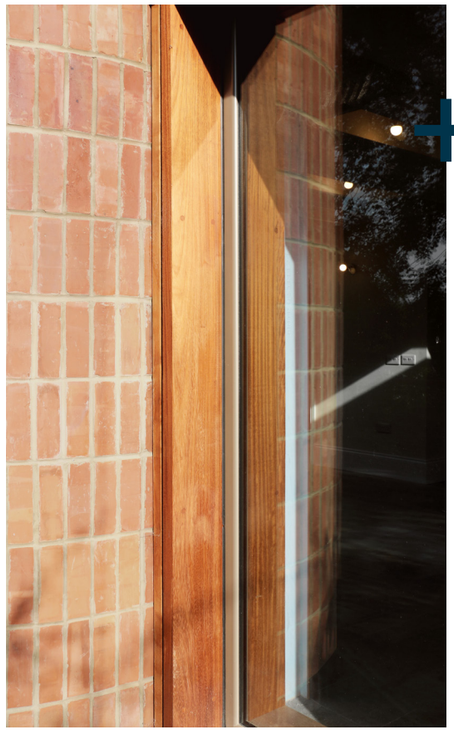
+ ENVIRONMENTAL

We craft contemporary spaces by combining keen design thought with rigorous technical detailing, employing architectonic approaches that draw their constructional poetics from environmental sensitivity to climate and material.

NB.



+ LOCAL

Northern Bureau for Architecture is a design and research led architecture practice rooted in the cultural, social and environmental character of the North of England.
We are ARB registered and an RIBA Chartered Practice.

A: The Old Rectory, Mains Park Road, Chester-le-Street, DH3 3PU

Our experienced team work between Chester-le-Street and a base in Whitley Bay to deliver bespoke, crafted projects across the North East

+ SOCIAL

Our collaborative approach considers the social potential of architecture to enhance individual wellbeing and collective belonging through projects that are generously public facing and civic in manner.
